

September 5, 2005

Dear PTA partners,

Growth, growth, growth...that is all that we seem to hear these days. Wake County is experiencing all the challenges of ever increasing numbers of families and their students coming here to enjoy the county's wonderful quality of life and excellent school system. We welcome the opportunity and with our fabulous students, outstanding teachers, and wonderful parents, WCPSS will continue to excel.

Our mission "to educate each student to be a responsible and productive citizen who can effectively manage future challenges" is *mission possible* because we have dedicated parents, grandparents, and adults and a nationally recognized Parent Teacher Association that stands tall and strong advocating for our children and supporting academic success for *all* our students.

Our partnership is critical to enabling each and every student access to the best education possible and to becoming a responsible citizen of good character, contributing back to his/her community. On behalf of the Wake County Board of Education, thank you for your dedication and commitment to all our precious children!

May this year be fun, rewarding, and successful for each of you.

Gratefully,  
Patti
